

USER ACCEPTANCE TESTING (UAT) PARTICIPANT CONSENT FORM

TITLE OF THE STUDY:

WEB-BASED MANAGEMENT SYSTEM FOR BARANGAY BULA, GENERAL SANTOS CITY
WITH GYMNASIUM RESERVATION

PROPONENTS:

Wencel Leofort J. Billones

Jericho C. Espinosa

Peter Jhon D. Ogario

Rimart Jay G. Tejada

School: STI College- Gen Santos, Inc.

Contact No: 09536192696

E-mail address: peterjhondogario@gmail.com

You are being invited to be a part of this endeavor because you fit the inclusion criteria for a participant of this User Acceptance Testing (UAT) for our Web-Based Management System for Barangay Bula.

Please take as much time as you need to read the consent form. If you decide to participate, you will be asked to sign and will be given a copy of this form.

PURPOSE OF THE STUDY

The Web-Based Management System for Barangay Bula, General Santos City is a project created to improve how the barangay delivers its services by using modern digital tools. The goal is to make everyday transactions easier, faster, and more organized for both the residents and the barangay staff

STUDY PROCEDURES

If you volunteer to participate in this UAT, you will be asked to participate by answering the survey questionnaire, answering the interview, and/or participating in a focused group discussion (FGD), which you can finish in less than 20 minutes.

POTENTIAL RISKS AND DISCOMFORTS

There are no anticipated risks or discomforts related to this research. On the other hand, you may opt not to answer questions that make you feel any psychological or emotional distress, or you can withdraw as a participant in the study if you feel that you cannot discuss the information that is asked of you. The researcher values your participation and will place your welfare as her highest priority during the study.

POTENTIAL BENEFITS TO PARTICIPANTS AND/OR TO SOCIETY

This project will make barangay services faster, easier, and more convenient for both residents and staff. It will also improve transparency and efficiency, helping the community receive better public service.

CONFIDENTIALITY

We will keep your records for this study confidential as far as permitted by law. Any identifiable information obtained in connection with this study will remain confidential, except if necessary to protect your rights or welfare. This certificate means that the researcher can resist the release of information about your participation to people who are not connected with the study. When the results of the research are published or discussed in conferences, no identifiable information will be used.

PARTICIPATION AND WITHDRAWAL

Your participation is voluntary. Your refusal to participate will involve no penalty or loss of benefits to which you are otherwise entitled. You may withdraw your consent at any time and discontinue participation without penalty. You are not waiving any legal claims, rights, or remedies because you participate in this research study.

RIGHTS OF UAT PARTICIPANT

If you have questions, concerns, or complaints about your right as a research participant or the research in general and are unable to contact the researcher, or if you want to talk to someone independent of the researcher, please contact through the institutional email **kristeljoy.tulagan0601@gensantos.sti.ph**

Certificate of Consent

I have read the information provided above. I have been given a chance to ask questions. My questions have been answered to my satisfaction. To wit:

- ☐ I fully understand the nature and purpose of this UAT.
- ☐ I give my voluntary consent to participate in this UAT.
- ☐ I indicate my contact details in case of a follow-up interview.

Contact No.: _____ **Email.:** _____

Signature of Respondent/ Participant

Date Signed (MM/DD/YY)

Acceptance Testing Questionnaire

Inclusion Criteria of Participant: Barangay Staff and Residents of Barangay Bula, General Santos City

I. Demographic Profile of Participant

Name/ Alias (Optional): _____

Sex:

Age:

II. Web-Based Management System Performance

Instructions: Please rate the following statements guided by the table below.

SCALE	DESCRIPTION	INTERPRETATION
5	Strongly Agree	The system works very well and performs better than expected.
4	Agree	The system works as expected and only needs small improvements.
3	Neutral	The system is acceptable but still needs several improvements.
2	Disagree	The system does not meet expectations and many parts need improvement.
1	Strongly Disagree	The system performs very poorly and needs major changes.

Commented [JM1]: You may or may not edit make sure Align with the purpose of study

User Interface and Experience

The system is easy to navigate.					
The menus and buttons are clear and well-arranged.					
The text, labels, and instructions are easy to read and understand.					
The design looks professional and fits for barangay use.					
I can quickly learn how to use the system without much training.					

Core Features Functionality

The system allows me to manage document requests easily.					
The reservation module for the gym is clear and simple to use.					
The payment recording feature works well and is useful.					
The reports and dashboard are helpful for my work.					
The system helps me finish my tasks faster compared to manual work.					

Performance and Reliability

The system loads pages quickly.					
The system works well without frequent errors.					
I can use the system without it suddenly stopping or crashing.					
The system can handle many requests without slowing down.					
Overall, the system is reliable and consistent.					

Qualitative Survey

What improvements would you suggest?
What do you like most about the system?
What features are most useful for your work?
What problems or difficulties did you experience while using it?
Do you think this system will help improve barangay services? Why or why not?

General Santos

ADForm_2025-08-003

User Interface and Experience						
The system is easy for me to use.						
The design looks neat and user-friendly.						
I was able to learn how to use the system quickly.						
The menus and buttons are clear and easy to understand.						
The text and instructions are simple and readable						
Core Features Functionality						
The system makes it easy to request barangay documents.						
The gym reservation calendar is clear and helpful.						
The service status tracking is useful for updates.						
The lost and found feature is helpful for the community.						
Overall, the system provides the services I need.						
Performance and Reliability						
The system works smoothly without many errors.						
The system loads pages fast on my device.						
The system can handle requests properly without delays.						
I did not experience sudden crashes while using the system.						
Overall, the system is stable and dependable.						
Qualitative Survey						
What do you like most about the system?						
Which feature is most useful to you as a resident?						
What problems or difficulties did you face while using it?						
What suggestions do you have to make the system better?						
Would you recommend this system to other residents? Why or why not?						

ENDORSEMENT FOR INSTRUMENT VALIDATION

After thorough checking, this instrument is endorsed for expert validation.

Endorsed by:

<Signature above printed name/date>

Research Adviser

<Signature above printed name/date>

Research Coordinator

Note to Researchers:

Bring the following files for instrument validation:

- ☐ Cover Letter addressed to the institution of the respondents/ informant/ participant.
- ☐ Research Respondent/ Participant Consent Form
- ☐ Copy of the Instrument
- ☐ Validation Tool with Certification

INSTRUMENT VALIDATION TOOL

Directions: To establish the instrument's validity, you are requested to indicate the number that reflects your rating. When needed, you may write comments and suggestions to improve its validity.

SCALE	DESCRIPTION	INTERPRETATION
5	Highly Valid	The instrument is highly valid. It provides unbiased data, allowing 0-5% error
4	Valid	The questionnaire is valid. It provides unbiased data. Allowing 6-10% error.
3	Moderately Valid	The questionnaire is moderately valid. It provides unbiased data, allowing 11-15% error.
2	Less Valid	The questionnaire is less valid. It provides unbiased data, allowing 16-20% error.
1	Not Valid	The questionnaire is not valid. It provides biased data, allowing 21% or more errors.

CRITERIA	Expert's Rating and Remarks
1. Appropriateness of Scale. The scale of the instrument is appropriate for measuring each item.	
2. Suitability of Items. The concepts, vocabulary, and structure are suitable to the respondents' level.	
3. Relevance of Items. The instrument has items appropriate to the study's variables that can measure what it intends to measure.	
4. Clarity of Direction. The direction or content of the instrument is easy to understand.	
5. Adequateness of Items. The number of items is adequate to represent the coverage of the research or study.	
6. Organization. The items are framed and organized logically.	
7. Objectivity. The instrument can gather factual data that is free from biases and subjectivity.	
8. Comprehensiveness. The instrument can generate comprehensive information within the given time frame.	

General Santos

ADForm_2025-08-003

9. Data Generation. <i>The instrument can be used to generate data that are essential to research data analysis.</i>	
10. Attainment of Purpose. <i>In general, the instrument serves the purpose for which it is constructed.</i>	
Grand Mean Rating / Validity Level:	
Remarks:	

CERTIFICATION OF EXPERT- VALIDATOR

This is to certify that I have thoroughly reviewed the Survey-Questionnaire of the Research of Wencel Leofort J. Billones, Jericho C. Espinosa, Peter Jhon D. Ogario, and Rimart Jay G. Tejada titled **“Web-Based Management System for Barangay Bula, General Santos City with Gymnasium Reservation”** and found that it has complied with standard and acceptable research procedures that can yield reliable and valid results.

This certification is issued this ____ day of _____ 2025 at STI College- Gen. Santos, Inc., General Santos City.

COVER LETTER TEMPLATE

ADForm_2025-08-003

<DATE>

<Name of Head>

<Designation>

<Institution>

<Address>

Dear Madam,

Mabuhay!

The undersigned is currently working on a Capstone Project titled ***“Web-Based Management System for Barangay Bula, General Santos City with Gymnasium Reservation”***. This study aims to gather data related to the User Acceptance Testing (UAT) of the system. The result of this UAT will help us improve the system.

In connection with this, we would like to ask your permission and endorsement to allow us to survey/interview the residents and staff of Barangay Bula, General Santos City. Rest assured that whatever data will be gathered from this survey will be treated with utmost confidentiality.

We are hoping for your favorable response to this undertaking.

Respectfully yours,

Peter Jhon D. Ogario, 09536192696
